Technical drawing of a building floor plan, showing a grid system with dimensions and structural elements. The drawing includes a grid of lines with dimensions (e.g., 304, 2089, 2089, 2089, 2089) and structural details like columns and beams. The drawing is oriented horizontally, with dimensions labeled along the top and bottom edges. The grid consists of vertical and horizontal lines, with structural elements like columns and beams indicated by thicker lines and symbols. The drawing is a technical representation of a building's layout, showing the spatial organization and structural components.

Technical drawing of a truss structure. The truss is composed of vertical members, horizontal members, and diagonal members. It is supported by a pin support at point A and a roller support at point B. A horizontal force is applied at point C. The drawing includes dimension lines and labels for the supports and the point of application of the force.
